WERE MARRIED 64 YEARS AGO

HARTFORD TOWNSHIP COUPLE TO CELEBRATE EVENT ON SEPT. 19.

Johnstown School, Open—Blamer & Son Capture Red Ribbons—A Wedding—Johnstown News.

Johnstown, O., Sept. 15.—Mr. and Mrs. John Mitchell of Hartford township will celebrate their 64th wedding anniversary at their home Tuesday, Sept. 19 instead of Sept. 16 which is the anniversary date, the change being made because of the conflict with the Hartford fair dates. All friends of the aged couple and family are cordially invited to attend with well filled baskets and joint in the celebration. The marriage of John Mitchell and Miss Orpha Bailey was solemnized at Columbus Wednesday. The bride is a niece of W. B. Bailey of this place and the groom a brother to Mrs. Bailey, both having made their home with Mr. and Mrs. Bailey for the past several months.

Mrs. Gertrude Pease and little daughter of Newark have been visiting friends and relatives here since Saturday. Mr. Pease was also here over Sunday.

The Johnstown public schools opened Monday with a large enrollment in all the departments, a total of all the grades showing 187. The High School with Supt. Atwell and Principal Frank Berger in charge has an enrollment of 33, of which number 14 are foreign pupils. The A Grammar with Miss Lesta Tucker as instructor has 38 pupils, 4 being from other districts. The B Grammar with Miss Harriet Wolfe as instructor has an enrollment of 35, the A Primary, Miss Rella DeRolph teacher, has 43 pupils and the B Primary with Miss Grace Edgerly as teacher has on roll the names of 38 little tots all ready and anxious for duty. Miss Vida Shauck again has charge of the music.

Ralph Lee Longwell, the infant son of Mr. and Mrs. Allen Longwell, died at their home east of town Saturday afternoon, after a two weeks' illness.

S. Blamer & Son had a record-breaking week with their famous Delaine-Merino flocks at the State Fair receiving in all twelve first premiums, ten seconds and eight thirds, netting them \$164. They also sold \$540 worth of sheep to dealers in all parts of the United States. The flocks are in Washington C. H. this week, will be at the Michigan State Fair next week. This season's exhibits closing with the Newark and Coshocton fairs in October.

CINCINNATI EXCURSION.

On Sunday, Sept. 17 the B. and O. railroad will sell excursion tickets to Cincinnati O., at rate of \$2.50 for the round trip. Special train will leave Newark at 5:30 a. m., returning will leave Cincinnati at 7:00 p. m. Various attractions at the parks and Zoological Gardens; base ball game, Cincinnati vs. Pittsburgh.

AMUSEMENTS

Messrs. Gordon and Bennett have outdone their previous magnificent best in stage production in the presentation of their latest American success, "A Slave of the Mill." The scenic realism of this play leads one to wonder where will the genius of the stagecraft lead us next. Auditorium Saturday afternoon and evening.

DEVIL'S AUCTION.

Manager Charles H. Yale announces three new grand ballets for the twenty-fourth edition of his "Everlast Devil's Auction" company.

For the first act, a new divertissement will be offered in the dance of "The Pierrots and Columbinos." In the second act a gorgeous Chinese ballet, rich in color and costume, entitled "The Feast of Mandarins," while in the third act a novel "National Potpourri" will be introduced.

All the ballets, ensembles, groupings, etc., will be arranged by George Merrier, a noted Parisian Maitre de Ballet and dancer, who has been brought from Europe by Manager Yale for this purpose, and who makes his first appearance in this country with the present season's production of the famous "Devil's Auction."

And to rium Wednesday evening, Sept. 20. Seats on sale Monday.

THE GERMAN GYPSY.

The German Gypsy, a play which was very evidently written especially for Al. H. Wilson, pleased a fair-sized audience at the Auditorium last night. Perhaps it would be better to say that Al. H. Wilson himself was responsible for the well pleased audience. The play itself was very ordinary but gave several clever actors an opportunity to exhibit their talent. Mr. Wilson as the German Gypsy was good and his comedy was of a clean variety. He has been termed the Silver Voiced comedian and properly too. He sang six numbers during the evening. "Under the Harvest Moon," made the greatest hit. "My German Rose," and "No Love Like This," were other popular numbers. Miss Lillian Rydels, as the leading lady, and Miss Evelyn Silbue, as a gypsy maiden, were the best of the ladies while T. M. Hunter

and Ross O'Neill were clever actors. One of the cast insisted upon saying "Between you and I," but the season is young and "me" may be substituted later.

THEATRICAL NOTES.

Clayton White is to be seen no more in vaudeville for a season at least. Since his severance of professional relations with Miss Marie Stuart he has not betrayed much interest in the business and has cast about for something else. Now he has signed with Henry W. Savage for a part in the new Bangs-Klein opera and has hinted that he will merely enter vaudeville occasionally and when the spirit moves him.

Some fortunate individuals can make capital out of anything. Down at Pastor's New York theatre, this week a pair of young persons are going to make pictures out of colored rags.

Five years ago every one laughed when a young man named Everhardt said he was going to roll hoops for a salary. Two or three months ago the appearance of a man who exhibited some dexterity in throwing a lariat was greeted with a smile. A man came along and showed what could be done with liquid air; another chap put in an appearance with a wireless telegraph outfit.

The clay modeler is an old story; the man who could paint pictures with colored sand has come and gone. There are two young men who tear paper to amuse an audience and get paid for doing it, and no one need be astonished if a plumber who can wipe a joint in a lead pipe has a sketch written about that feat.

Whenever Victor Herbert is in doubt of a number for a program he puts down "Spanish Rhapsody" by Simbighi. There is no such person as Simbighi. Herbert used to give a concert for a certain ladies' association. He met a committee of these ladies annually to discuss the items of his program. Simbighi and his Spanish rhapsody were always on the other. Pieces were rejected and replaced, but year by year the Spanish Rhapsody held its place. The ladies knew Wagner, knew Beethoven, knew Mozart, but they did not know Simbighi, so they did not dare to object to him.

Mabel McKinley has gone on a tour with "The Parson's Wife."

Johnny Ray in "Down the Pike" opened last week in Youngstown, O., and the performance is said to be entirely different from last season. Among other things he introduces a satire on President Roosevelt's hunting mania, and the Thomas Leo who did a donkey last season with the show is seen as a bear in a new production.

Some slight idea of the care exercised in modern stage management may be gathered from the fact that the telephone receivers used in the first act of "Zira," with which Margaret Anglin will open the new Belasco theatre on Monday night, were imported from London, the first act of the play taking place in that city. The English telephones differ materially from those used in this country.

CENTENNIAL NOTES

It means so much to have things start off well and end well, but the Granville Centennial had no weak links in the chain. The beginning of the civic phase of the celebration was certainly a success and opened brilliantly and with enthusiasm the week's program.

Patriotic day was in charge of Rev. Thomas J. Sheppard, whose scheme it was to have the whole morning out of doors, and amid much discouragement he and his splendid committee carried out their plan, the exercises stamping the day with just the right character for the evening, thrilling notes of the life and the roll of the drums, to the pilgrimages and inspiring brief addresses.

What immense capacity for work lies in small organism, the old familiar example of the coral illustrates. A very genuine illustration of this, was given all who were acquainted with the wheels of the Centennial machinery, by the President, Mrs. K. S. Hines. As librarian of the college, as housekeeper, as a faithful attendant upon all the services of the church and its societies, she would seem to have been fully occupied. But not so. She found time for the thousand duties of her office and in quiet and self-sacrificing ways brought to pass many difficult things. Journeys into the Welsh Hills and committee meetings were only incidents in her efficient work, which began two years ago, and though there has been for some time a board of managers, to whom she desired to commit all the honors of her office, has not ended yet.

It is certainly very gratifying to learn, through the secretary of the association, that the great celebration will pay out Mrs. Burton Case will perhaps be as gratified at such a result as any one connected with this, now, historic event. It is not possible to give any adequate summing up of her work because her task at times was almost a superhuman one. Possessed of courage of an unusual order, with talents to match it, and a love for the town of her nativity not surpassed by that of any other, she labored unceasingly, giving up necessary sleep and all the recreations of the season, literally given over to the Centennial and its needs. Who shall praise her duly? What pluck, what patience what undeviating loyalty! New ideas and the shaking of dry bones were equally congenial to her. Were you in trouble? "Tell Mrs. Case." Were you offended? "Talk to Mrs. Case." Were you discouraged? "See Mrs. Case." Were you dilatory? "Avoid Mrs. Case." Each one nobly did his part, but without question more of the success of the Centennial is due the secretary than any other individual. She who appeared upon no program, asked no recognition, but with pen and heart and hand and brain worked night and day for others pleasure and the honor of her town. A toast to Mrs. Case, and while we are standing, one to that royally kind and kindly royal hostess, Mrs. J. S. Jones, and one again to the women of the past; and last, to the women all of Granville town.

In a call for more active loyalty to one's school, Mrs. James Hopley, representing the associate alumnae of Shepardson college, said, among other things: "Let us imagine here, this Centennial year, the living graduate alumnae, some two hundred and fifty—the associate alumnae, some seven hundred or more; nearly a thousand souls. The question is, have we made the most of this association? Do we, when we can, flash kindly helpfulness upon each others paths, or are we dull, opaque in our regard for 'one another and our school? Here let us suppose are a thousand active minds; here a thousand courageous hearts; here two thousand capable hands. We pass this way but once, you know!"

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Singhamton, N. Y. The regular fifty cent bottle is sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Singhamton, N. Y., on every bottle.

Why not more beaming faces, more warm hand-pressures, more expression of thought as we meet year after year? Why are we not more jealous of the time that flies so fast, and eager to lose not a chance of meeting together? Here is a fairly congenial company.

"Let us prize its associations highly. Let us appreciate service in its behalf more keenly. Let us regard the honor of membership with a more lively sense of gratitude and let us carry on the work designed as if our every thought counted as a thread in a pattern."

"Association, federation—what should it mean to us? Just what it should mean to all, to women as well as to men—patriotism, progress, principle, friendship, fealty, faith."

Mrs. Shepardson's work in behalf of the Quarterly deserves the success it has met. It is a great volume.

GRANVILLE NEWS

At the first chapel services of Denison university, held on Thursday morning, Scripture was read by Dr. Wedell of Chicago; prayer was made by Dr. C. J. Baldwin, and the address was delivered by Mr. A. M. Brumback, the new chemistry professor.

Miss Lillian Hamilton of Cincinnati, is visiting friends in the village for a few days.

Kindly Take Notice that Ely's Liquid Cream Balm is of great benefit to those sufferers from nasal catarrh who cannot inhale freely through the nose, but must treat themselves by spraying. Liquid Cream Balm differs in form, but not medicinally from the Cream Balm that has stood for years at the head of remedies for catarrh. It may be used in any nasal atomizer. The price, including a spraying tube, is 75 cts. Sold by druggists and mailed by Ely Brothers, 66 Warren Street, New York. mwt

FOR 19 YEARS

Lived Near Her Son While Mourned as Dead and Her Estate Was Divided—Came Home to Die.

Lisbon, O., Sept. 15.—After having lived for 19 years within 100 miles of her son and other near relatives, who mourned her as dead, Mrs. Lydia Montgomery, late of Sharon, Penn., appeared at the home of her son, Leander Hole, near Kensington, this county, recently. Her death there a few days ago revealed a remarkable family romance.

Mrs. Montgomery was thrice married. After the death of her first husband, whose name was Hole, and by whom she had two sons, Leander, of Canton, becoming estranged from her second husband she left home and disappeared in 1886. After diligent inquiry her relatives were led to believe that she had perished in the Johnstown flood in 1889, and ex-Judge S. J. Firestone of this city was secured to administer her estate.

Her hair whitened with age, Mrs. Montgomery called on Mr. Hale a few weeks ago. He told her that her estate had been divided among the legal heirs, but that he would gladly refund his share. The mother replied that she had plenty to supply her remaining needs, and then related that she was the widow of a Mr. Montgomery, a wealthy farmer, from whose estate, near Sharon, she had received a goodly competence since his death about a year ago. Her second husband having died she was married a number of years ago to Mr. Montgomery, and having kept her whereabouts a secret from her second husband she probably shrank from making herself known to her relatives after so long a time. Mrs. Montgomery was 72 years old.

FISHING REEL

Bequeathed to His Old Friend, Grover Cleveland, by Joseph Jefferson in His Will.

Baltimore, Md. Sept. 15.—A copy of the will of Joseph Jefferson was filed in the local orphans' court yesterday, a proceeding made necessary by the fact that he owned property here. Among the bequests is one of \$1,000 to Mrs. Jane Germon, of Baltimore, an actress of prominence, who was at one time in Mr. Jefferson's company.

One of Mr. Jefferson's paintings is bequeathed to Mr. Earnest Gillings, of Baltimore, and a fishing reel to Grover Cleveland. The painting for Mr. Gillings is to be selected by Mrs. Jefferson. The will was made on October 27, 1838, and a circumstance that gives it additional interest is the fact that one of the witnesses is Mr. Wells J. Hawks, formerly of Baltimore, who is now connected with Charles Frohman's theatrical enterprises. The contents of the will, which was probated in New York, have hitherto not been made public.

Bad blood and indigestion are deadly enemies to good health. Burdock Blood Bitters destroys them.

Souvenir Cards.

A law was enacted by congress a few years ago which provided that cards of the same size and weight as the ordinary postal cards might be sent through the mails as ordinary postal cards, provided a one-cent stamp was affixed, says the Portland, Me. Press.

Many of the printed cards sold as souvenir postal cards, meet these requirements and can be written upon and sent through the mails with a one-cent stamp affixed. The trouble is, however, that not all, or indeed, most of the souvenir postal cards do meet the government requirement. Many of them are much bigger, than the ordinary cards and they are made of leather and wood and almost everything else.

All of these cards are mailable as merchandise at the rate of one cent an ounce, but if anything is written upon them then they require letter postage, which is two cents an ounce. The leather cards which are so popular this season, are of about the same size as the ordinary cards and would be mailable if not written upon if it were not for the fact that they are much thicker than the ordinary postal cards. This bars them from the mails except as merchandise, and if written upon, letter postage must be paid.

The wooden souvenirs are generally much larger and heavier than ordinary postal cards and generally weigh more than an ounce. Upon these, if there is any writing, four cents in stamps must be affixed. These few facts cover the government regulations, and if everybody obeyed them, they would save much trouble and more souvenirs would reach their destination. But the trouble is that to many people all souvenirs "look alike," and they affix one-cent stamps to big and little, write their messages on the back and dump them into the letter box. The great majority of them do not reach their destinations and then there is sorrow and disappointment.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some soured meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty-five cent bottle cured the three of us." For sale by all druggists.

Letter of Regret.

Dr. C. P. King, secretary of the Licking County Medical society, has just received the following letter from Dr. Charles Hamilton of Columbus: "My Dear Doctor—I regret greatly that I could not keep my engagement to speak at the Buckeye Lake meeting. Dr. Will failed to come home. I was suddenly subjected to very great pressure so that it was absolutely out of the question. With many regards and thanks. Sincerely, CHARLES HAMILTON."

Judge Wickham a Candidate.
Judge Wickham, of Delaware, will be a candidate next year for common pleas judge in the Delaware-Knox-Licking district. At least this was the word that was passed out in Zanesville Tuesday at the senatorial convention. It is said that Judge Wickham can get from Delaware county Democrats anything he asks.—Zanesville Signal.

Morning Fire Alarm.
Shortly before ten o'clock on Friday morning an alarm of fire called the central department to the residence of Mr. E. S. Miller, on Hudson avenue. Plumbers were engaged in doing some repairs in the bath room when the gasoline torch used by them blew up and set fire to the carpet and some rugs. The fire, however, was quickly extinguished, with but small damage.

Mr. and Mrs. Youse surprised.
A merry crowd of twenty or more young ladies in the employ of the Newark Telephone company as operators, called at the home of Mr. and Mrs. Charles Youse on South Sixth street, Thursday night, and surprised Mr. and Mrs. Youse with a sort of kitchen shower. Many useful presents were contained in numerous packages carried by the young people. Among the other presents given to the young couple was a fine kitchen cabinet with all its accompanying utensils. A very pleasant evening was enjoyed, Mr. and Mrs. Youse recovering from their surprise sufficiently to entertain their guests in a happy way.

THE GRIM REAPER

MRS. MARGARET ENGLISH.
After two years of suffering, Mrs. Margaret English, a well known resident of this county, who resided about two miles north of Newark, died Friday morning from complications of diseases incident to old age. Mrs. English was born Feb. 8, 1830.

The announcement of her death, while not entirely unexpected, came as a shock to her many friends. She has been in poor health for two years and it is thought that paralysis may have resulted. Mrs. English was the wife of the late Nathaniel English, who has been dead for 21 years.

Six children are left to mourn the death of their mother, Mrs. J. K. Keller, Mrs. I. N. Wilson, Mr. J. P. English, Mrs. C. B. Wilcox and Miss E. English, all of Newark, and Mrs. William Werthe, of Los Angeles, Cal., and also two step children, Mrs. Simon Haas, of Utica, and Mrs. John Watkins, north of Newark.

Mrs. English has been a lifelong member of the Methodist and Congregational churches, being affiliated with the Plymouth church of this city. The funeral services will be conducted by the pastor of this church, Sunday at 1:30 p. m. from the residence. Interment will be made at Cedar Hill cemetery.

CARD OF THANKS.
We desire to extend our heartfelt thanks to our many friends and neighbors, who so kindly assisted us during sickness and death of our loving father and husband.

Also to the different offerings for the beautiful floral offerings, and the young men of the immediate neighborhood. We desire to thank the minister, the singers and the veterans of Lemert post, No. 76, G. A. R.

Mrs. E. F. Penn and Sons.

DANCING.
May and Eagleson will reopen their academy of dancing at Assembly hall, Saturday, Sept. 16. Class for beginners from 7 to 8:15. 9-12-5t

DR. SHEPARDSON

Leaves Newark Friday Night on Trip to Honolulu to Be Gone Several Months.

Dr. Daniel Shepardson, the well known "wheel-chair evangelist," who has occupied at one time or another several prominent Newark pulpits, leaves Friday night for a trip to Honolulu, going first to Chicago, where his brother, Dr. F. W. Shepardson, is a member of the University of Chicago faculty, and from there to Kansas City, where he will be joined by his wife, who is now visiting relatives there.

They will sail from San Francisco on September 21, going direct to Honolulu, where Dr. Shepardson will for two months have charge of the Central Union church, the largest in the Hawaiian Islands. He will also give lectures, with his dissolving lantern, while in Honolulu.

About the first of December, Dr. and Mrs. Shepardson will return to the United States, and will spend the rest of the year on the Pacific coast.

Free sun fish fry. Music Hall. Saturday night. Everybody welcome. 11

WAR IS NOT LIKELY.
Copenhagen, Sept. 15.—Today's advices from Karlstadt, Sweden, where the commissioners of Sweden and Norway are meeting to effect a dissolution of the union, say the situation is improving. There is no reason, according to the latest information, for the alarmist reports that the commission has delivered an ultimatum which is likely to result in war.

ROYAL

BAKING POWDER

Absolutely PURE

Government Tests

prove Royal Baking Powder pure and healthful, made from grape cream of tartar, absolutely free from alum or phosphatic acids and highest of all baking powders in leavening strength.

The Royal Baking Powder costs only a fair price per pound, and is cheaper and better at its price than any baking powder in the world. It makes pure, clean and healthful food.

Avoid Alum Baking Powders

"I am very strongly of the opinion that the use of alum and salts of alumina in food should be prohibited. It is well understood that the constant use of alum compounds exerts both a deleterious effect upon the digestive organs and an irritation of the internal organs after absorption."

EDWARD S. WOOD, M.D., Professor of Chemistry, Harvard Medical School, Boston.

It must be remembered that when alum baking powders are used in making bread, biscuit or cake, a portion of the alum is carried unchanged into the stomach.

Ten-cent, twenty-five-cent, cent-an-ounce powders contain alum.

PIONEER PICNIC WELL ATTENDED

BASKET DINNER AT IDLEWILDE FOLLOWED BY SPEECH MAKING.

Some Talk of Holding Another Picnic at Rain Rock This Fall—No Definite Arrangements.

The pioneer picnic held at Idlewilde park Thursday, which is the first meeting held of the reorganized Licking County Pioneer Society, was well attended. A program under the direction of President J. M. Scott, was the feature of the picnic and was given after the big basket dinner at noon.

President Scott called the members to order at 1 o'clock by calling upon the chaplain, Rev. C. W. Wallace to lead in prayer. An old-fashioned hymn was sung, being "Lined Out," by Mr. Griff Rosebrough. President Scott then delivered the opening address, introducing the first speaker, Col. Wm. A. Taylor, of Columbus, who spoke on "Earlier and Later Pioneers." Other addresses were made by M. L. Wilson, Dr. C. L. Work, of Granville, Rev. Lumen Rose, of Cleveland, and Judge E. M. P. Brister. The address of Judge Brister was on the subject, "A Neglected Hero," being a brief account of the services of General Rufus Putnam, the founder of the State of Ohio. During the afternoon, Mr. Rosebrough sang "Faded Flowers," "One Hundred Years Ago," and other appropriate songs.

The benediction was pronounced by Rev. L. S. Boyce. There is some talk of holding another meeting this fall at Rain Rock, but no definite arrangements have been made. Among the interesting relics exhibited Thursday was the fire bucket used by Hon Isaac Smuckers, who was a member of the volunteers. The bucket is made of leather and was used over fifty years ago.

REAPER KING

Goes to Lancaster to Close Big Factory Deal—Work Begins on Plant Next Monday.

Lancaster, O., Sept. 15.—Mr. William Whitely, "the Reaper King," of Springfield, arrived in the city and meeting Rutter & Eymann, soon closed the deal for a six-acre site for the main building of the Farmers' Co-Operative Harvesting Machine Co. of America, for which the company will pay a nominal price. Mr. Whitely also took an option on 10 acres more lying adjacent to the site. Mr. Whitely is also negotiating for the several-acre tract belonging to Mr. John Graf, which he wants to add to the factory site. The Acme Manufacturing plant also becomes a part of the concern and will be merged into the new plant. Mr. Whitely has arranged for work to commence on the new plant, next Monday. The main building will be 200 feet long and over 100 feet wide. It is the object to make this plant one of large capacity, and it is said in two years' time 500 men will be employed. It will be a branch of the Springfield plant, which manufactures a number of the farming implements of Mr. Whitely's own patent.

Frank Stewart, aged 30, was found Wednesday in an unconscious condition in a yard on North Broad, probably having lain there all night. He was suffering from acute alcoholism. He never regained consciousness and died.

CAPITAL STOCK

Of Coshocton Glass Factory Over Which Thos. J. Gainer Presides Is Increased to \$250,000.

The capital of the Coshocton Glass company, over which Thos. Gainer of this city presides, is to be increased from \$100,000 to \$250,000. This is because of the tremendous business the company is enjoying, and it is not able that this is the third time the capital has been increased within a very short time, all because of the increasing business.

When T. J. Gainer the present energetic president and general manager went to Coshocton the capital was \$25,000, and was at once increased to \$60,000; a short time later it was made \$100,000; and now it is \$250,000.

The factory has been increased in size the past summer by the addition of two rings in the big tank, which means the employment of fifty more men. "This little increase," remarked President Gainer, "is as much as the entire output of the plant when we came here."

Last year 500 cars of bottles were shipped out of Coshocton; this year the number will be more than 650. The number of men employed will be close to 450.

NEW CHIEF

Of Newark Telephone Exchange Was Chosen by the Girls Themselves in an Election.

Manager C. E. Hollander of the Newark telephone company, used a novel method in filling the position of chief operator in the company's local exchange recently when the young women filling that position, Mrs. Charles Young, formerly Miss Lillan Buckingham, tendered her resignation. After some thought on the matter, the manager decided to leave the question to his staff of operators to decide. The young ladies, about twenty in number, were called together and asked to elect an operator to fill the position made vacant by Miss Buckingham's departure. They were told that their choice must be capable of filling the position in a satisfactory manner. When the ballot was taken, Miss Ethel Buckingham, a sister of the former chief operator, was elected. By this method the good feeling which has existed among the force of operators, continues and all are pleased with their new chief who is giving excellent satisfaction.

NET BROKE FALL

But High Diver Was Hurt at Chester-Hill Fair This Week.

McConnelsville, O., Sept. 15.—At the Chesterhill fair Perley Spuckey of London, O., the high diver, met with an accident which, when it first occurred, filled the spectators with horror. His performance was to dive from a height of 65 feet to a net. When he struck the net he went through it like a stone, to the ground, and was rendered unconscious for a minute or two. But on regaining consciousness he took the matter coolly,

got up and walked. Late as this morning he felt no bad effects from the accident. The net broke his fall and thus his life was saved.

NEWARK MAN

Arrested at Marietta for Pulling Signal Cord on Train and Was Fined by the Mayor.

Marietta, O., Sept. 15.—William R. Armstrong, a colored man living at Newark, was arrested here by B. and O. Detective Foreman. He was taken before the mayor, pleaded guilty to pulling the signal cord on the special B. and O. train that brought an excursion here and was fined \$25 and costs, amounting to more than \$30. Armstrong was on the train and wished to get off at Devils Dam. The conductor told him that the train did not make a stop at that point, but being a special came through to Marietta.

But he was not satisfied with that and just before the train reached the stopping place he seized the cord and gave the engineer three whistles, the signal to pull up. But the man on the engine was familiar with the conductor's touch. He realized that some one else had given him the signal and did not stop. Armstrong was placed under arrest and the affair cost him dearly. He paid the fine.

FIGHT IS ON FOR SECOND PLACE

ZANESVILLE, AKRON AND NILES ALL CLAIM THIS POSITION IN LEAGUE STANDING.

Youngstown Man Places Akron in the Coveted Position—Games in Dispute by Several Managers.

Just at present interest in the Ohio & Pennsylvania league race enters in the fight for second place, Akron, Zanesville and Niles being the contesting teams. Akron is regarded as a slight favorite.

The other day an attache of the Niles team called up the sporting editor of this paper and gave what he claimed was the correct standing of the Niles team for the season, 55 games won and 35 games lost, since then the team has won and lost a game. The sporting editor of the Niles News insists that Niles is in second place.

All papers on the circuit except the Niles Daily News, have Akron in second place with a slight margin. The standing of the Akron team this morning according to the Akron Times-Democrat, is 63 games won and 40 lost and the Times-Democrat man is usually right.

Most of the papers in this section have Zanesville in fourth place but according to the Zanesville Signal Drumm's team should be in third place with 55 games won and 36 lost. It will be seen therefore that the correct standing of these three teams is in dispute. In the writer's opinion Akron is the real holder of the second position for the present at least.

There are several games in dispute that will likely affect the standing some when President Morton gives his final decision on October 2. Akron has two games to protest with Niles. One is a double-header that Niles took without playing and the other game is a contest in which Harry Truby played after being suspended. Fred Drumm also threatens to make trouble because of three games Niles cancelled on him. Second place is certainly being eagerly sought after.

NEWARK WON

Game From Utica Thursday Afternoon and Fans Were Wild With Delight.

Newark finally broke their losing streak Thursday afternoon by winning from Utica by a 10 to 3 score. Langton pitched for the Utica team and the ball was clouted regularly, strange to say. Bissell landed on one of Langton's benders and clouted it over the fence for a homer. Schweitzer hit a similar ball but luck was not his and the ball hit a tree and bounded back into the field after the outfielder had climbed half way over the fence.

Hardesty played first base while Manager Snover was left in Newark. The old snower clouted the ball like a fiend and got a swift one in the ribs too. The report says that the umpire who officiated Thursday was all to the bad but it made no difference, Newark was slated to win and there was no stopping it.

Some of the fans were so delighted to think that Newark finally won a game that an effort was made to organize a club to parade the streets in night robes with torch lights, but not enough night robes and torch lights could be found to go round so the project was abandoned.

The players remained in Utica all night and took an early train to Bellville where they play Friday and Saturday.

ALL-STAR TEAM.

Newark will be invaded Sunday by the Columbus All-Star team, which is made up of players who live here and who have just wound up their work in various leagues.

Jerry Hurley, who was with the A. J. and G. teams of New York league champions, will probably pitch. Fred Linke, of Purity, will catch.

Manager Bob Drury, of Binghamton, is cast for first base. Doty Frech will work at second and Ed. Justice, of Hartford, at short. Bill Purcell, of Decatur, is down for third.

Hub Knoll, the Dayton manager; Jack McAlister of Hartford and Al. Miller of Shreveport, will work in the outfield.

Niles Loses to Lancaster.

Niles, O., Sept. 15.—Niles lost to Lancaster yesterday 8 to 4 in a game full of ginger and fielding. Lancaster played fine ball, but Umpire O'Toole by bad decisions gave the visitors three runs. A great catch by Rudolph was the feature of the game. The

same teams play here Friday and Saturday. Score: Niles.....8 6 0 Lancaster.....1 1 1 Batteries—Boyle, Geyer and Gorton; Johns and Kungie.

Trouble at Akron.

Akron, O., Sept. 15.—Umpire List was assaulted yesterday, following a close decision at second base, by Captain Flood, of Zanesville. Flood, who is much larger than List, struck the latter. List retaliated with his mask and made a nasty cut in the player's cheek. Score: Zanesville.....5 11 1 Akron.....0 7 1 Batteries—Kommer and Ortel; Wilmut and Blue.

In speaking of the trouble at Akron yesterday, a special to the Zanesville Times-Recorder says: After the trouble Zanesville made a farce of the game by playing men out of their regular positions. The department of several of the visitors was decidedly of the rowdy order. Bad language was used and several of the infielders were offensively boisterous.

The line-up was badly mixed. Huling, Kustus, Drumm and Wilmut are worked in the center of the diamond and, judging from reports, the affair was a farce. The line-up looked like this: Guinn, cf.; Gilligan, ss.; Huling, 1b.; Elston, rf.; Kustus, lf.; Volk, 2b-3b-1b.; Flood, 2b.; Drumm, 1b-3b.; Blue, c.; Wilmut, p.; Lucas, 2b.

BASE BALL GOSSIP

Newark goes to Bellville for two games. If the players expect to have an easy time winning the games there, some one will get badly fooled.

Clelston Webb, of last spring's Ohio Wesleyan team, will pitch in one of the games and with the bunch of material which has been imported into Bellville, there will be something doing. Webb pitched against the locals at Mt. Gilead a few weeks ago and allowed seven hits, with a multitude of errors behind him. The story from Bellville will be different and if Newark is beaten, the fans must not be surprised.

The Mt. Vernon base ball team, under the management of John Goodrich, left Thursday for East Liverpool to play an exhibition series of games with the Canton Central league team at the East Liverpool park. "Cy" Rigler went along with the team and will either umpire or play first base for the Mt. Vernon aggregation. The Mt. Vernon team played East Liverpool Thursday and Friday and will return to Massillon for the game there Sunday with the Massillon team. This game will be played on the Massillon park beginning at 3 o'clock. Owing to the attraction in the form of the Massillon players who are members of the Mt. Vernon team, and the fact that "Cy" Rigler will umpire, there will probably be a large crowd present.

"CHAMP" SERIES.

Chicago, Sept. 15.—Arrangements have been completed for a series of post season games between the National and the American league teams of this city, the outcome to decide the Chicago championship. The games will begin October 10 and will continue until one team has won four out of seven games.

HOGAN INSISTS

That Phyle Will Play Regardless of Protests of League Teams—Death of Protection is Probable.

Youngstown, O., Sept. 15.—There is more than a possibility that of the National Baseball commission insists that Phyle cannot play with the Ohio Works against the national agreement teams, that the Protective association

will be broken up. The team is to play Pittsburgh and Chicago soon. Manager Hogan says that he is going to play Phyle in the game, the ruling of the board notwithstanding. The death of the Protective association is certain if Youngstown drops out.

FOOTBALL GOSSIP

The Tiger gridiron at Columbus looked very much like the old championship days Wednesday afternoon when the boys of O. M. U. lined up for their first practice. The old favorites were nearly all back and a lot of new material was on hand. Captain Parson headed the old guard and he says he never felt so strong in his life as now. The old men out included Means, Weinlein, Shaffer, one of the ends of the medics of 1903 who dropped out of school last year, Kershaw, Richey and Reemsehneder. Hess and Can will also be out to-day.

Among the new men are Swan, the Ohio State team of last year who is weighing 205 pounds. He and Means and Weinlein did some great booting of the ball Wednesday that pleased Eckstorm immensely.

Wehr, Valentine and Brown are Columbus boys who are out for places on the team. Light practice was held and Coach Eckstorm laid down some lines of work he expects to undertake. He more than pleased with the showing of the first day.

Ohio State's football squad this year may be reinforced by some good ones from Notre Dame. Daly, manager of athletics there for three years, Kirby, a star track man and football player, and Lantry, one of the foremost candidates for the eleven here, have all signified their intention of coming to Ohio State this season.

Sensible advice for "hurry up" Yost to ambitious football players: "Hurry up and learn to control your temper. If you can not do this you had better quit the game."

QUIET NIGHT

And No Serious Symptoms Have Yet Appeared in Baron Komura's Condition, Says Sato.

New York, Sept. 15.—Baron Komura, who is ill at the Waldorf-Astoria hotel, passed a quiet night and according to M. Sato, the baron's condition indicates nothing serious or alarming. Sato this morning made the following authorized statement:

"Dr. Janeway was called in consultation this morning by Dr. Pritchard. As the result of the joint consultation of Drs. DeLafayette, Janeway and Pritchard, it is announced that no finally conclusive diagnosis is yet possible.

"The baron passed a quiet night. His condition indicates nothing serious or alarming."

Stolen Flags Recovered. Granville, O., Sept. 15.—Some time during last Sunday night, after the close of the centennial, a number of the decorations, including several large flags, banners, etc., that had been placed at the foot of the driveway leading to the summit of Sugar Loaf hill, were carried off. Some quite decorative work was done, which resulted in the officers recovering all the missing decorations on Thursday.

Accidentally Killed. Caldwell, O., Sept. 15.—John Dingus, 60, of Caldwell, O., was accidentally shot and killed at the Caldwell fair by a bullet which struck him in the chest while he was in a lottery, and he was discharged with fatal effect. King has been arrested.

Farmer Hit by Train. Webster, O., Sept. 15.—John Robinson, a well known farmer, was found dead of wounds east of this city and his last resting place was at the Webster fair. The foregoing report is in accordance with Section 1248, and must be completed by the clerk and returned to the secretary of state on or before July 15 of each year. It is a very difficult task, embodying nearly all the duties of the office, and must be strictly correct, else it will be returned for correction by the secretary of state. It usually requires a week of steady work to complete.

This year Clerk Hursey received the blank July 7, and on the evening of July 10, just three days after its receipt, the report was completed and mailed.

HENS MAKE GLUE

A strange case of the artificial feeding of the forces of nature to the advantage of mankind is shown in the invention of Mrs. Erva Noroman, of Purton township, in this county, says the Chicago Chronicle. Some years ago Mrs. Noroman conceived the idea that it might be possible by special feeding to so alter the nature of the albumen in hens' eggs that it would have far greater adhesive qualities than have been naturally given it.

She had seen people use the whites of eggs as a kind of glue to mend delicate china, and, being an enthusiastic evolutionist, she believed that the

natural product would be improved in this particular. She commenced feeding her hens on different foods which she deemed might have some effect along the desired line, but finally abandoned everything else except powdered fishbone and the gristly portions of horses and cattle, from which glue is made, with a slight admixture of cherry gum and milkweed. Her chief difficulty lay in combining with these articles a sufficient quantity of nourishing food to sustain the fowls, and yet of such a nature that it should not destroy the effect of the adhesive substances.

After many years of unremitting care and study she has succeeded in getting the ration proportioned right, and is now able to feed her hens so that they lay eggs the white of which is the strongest adhesive substance known to man. It is perfectly transparent and easily preserved in any climate, and is so strong and lasting that she is able to sell at high prices all her flock of hens is able to produce. Broken china, of however delicate texture, if mended by an invisible film of this natural glue, is stronger by far at the broken place than elsewhere, and the glue is not in the least affected either by heat, cold or moisture, and the articles may be boiled an hour without being in the least loosened at the cracks again.

The only difficulty about the matter is that the adhesive nature of the albumen is not perfect until the hen is three years of age, and it takes a fowl of strong constitution to thrive under the unnatural food, so that the glue is liable to remain expensive until the production of it becomes more general.

LIFE INSURANCE

Chief Counsel Hughes has Finished for the Present Examination of the Mutual Life.

New York, Sept. 15.—George W. Perkins, first vice president of the New York Life Insurance company, and member of J. P. Morgan & Company, was the star witness of all preceding witnesses before the legislation insurance company investigating committee today. Perkins' evidence, made in long speeches, related principally to what he has accomplished since he first entered the New York Life company as an office boy in 1879, and his work of developing the company. He evaded questions.

New York, Sept. 15.—When the special legislative committee probing life insurance companies' methods adjourned, Chief Counsel Hughes had finished for the present the examination into the Mutual Life Insurance company, and the Metropolitan Life Insurance company was started on when Silas B. Dutcher, a director and a member of the finance committee, was called to the stand. Mr. Dutcher was questioned regarding the securities held by the Metropolitan and as to the syndicate operations of his company. He was asked the salaries of the company's officers, but could not remember them. He will present the list of officers' salaries to the committee. Treasurer Cromwell, continuing his explanations of the Mutual Life's syndicate operations, in explaining the relations of the Mutual with trust companies stated the interesting fact that on the purchase of \$1,120,000 worth of shares of the Title Guarantees and Trust company the Mutual had received in dividends \$1,220,000, making these shares cost nothing. Mr. Cromwell stated that there were now selling at over \$200.

Washington, Sept. 15.—Police Court Judge Charles Fletcher Scott, schoolmaster and lifelong friend of President McKinley, died here last night. He lived at Poland, Ohio.

International Steam Engineers' union adopted a resolution urging the exclusion of Chinese, Japanese and Koreans from the United States and Canada.

AMERICAN CABLE
Will Connect the United States With China and Japan.

New York, Sept. 15.—Through American enterprise the way has been won to connect the western continent by direct submarine telegraphic lines with the empires of Japan and China.

Clarence H. Mackay, president of the Commercial Pacific Cable company, made the announcement that his company has secured the necessary concessions to enter Yokohama, Japan, and Shanghai, China. The last step in a series of diplomatic negotiations which were begun at the wish of President McKinley, and which have extended over a period of three years, was taken when Mr. Takahira, the Japanese minister to the United States, affixed his signature to Japan's agreement with the Commercial Pacific Cable company for landing rights at Yokohama. An agreement for landing rights at Shanghai was signed by China several weeks ago. When these new cables are completed, Mr. Mackay said, their length, added to other cables already laid or about to be built, will form part of a system which extends two-thirds of the distance around the globe.

CLUBMAN

Arrested in Boston on Charge of Uttering a Forged Certificate of Stock and Settling It.

Boston, Sept. 15.—Harry C. Brown, 45, of Brooklyn, a well known society and clubman, has been arrested on a charge of forgery and uttering a certificate of stock of the Boston and Maine Railroad company by raising the same from one to twenty shares and obtaining \$4,000 on it June 19, from the Washington Trust company of this city. According to the police, Brown, who is a broker, while only charged with the forgery and uttering of the one certificate, really obtained from the Washington Trust company \$8,000. They say he has confessed to having obtained \$75,000 all told by raising certificates of stock. The police assert that in Brown's confession he admitted having had 25 certificates of one share each of Boston and Albany and five certificates of one share each of Chicago, Burlington & Quincy, all of which he raised and put on the market, obtaining vast sums for them. One bank, the police claim, has paid out \$17,000.

Brown lived in a quiet manner with his wife and two small children. It is asserted that he played the stock market to a great extent and lost heavily. His mother, aged 78, and his brother, Dr. Frederick Brown, of Webster, offered to make good the \$8,000, but upon learning of the extent of his wrong-doings refused to aid him in any way.

EMPLOYERS

Unit to Oppose the Demands of the Chicago Printers.

Chicago, Sept. 15.—Concerted action between the members of the Chicago typographic and a number of the big independent employers of printers was decided on in an effort to oppose the demands of the union job printers of Chicago. The Typographical union filed demands on independent job and book publishing houses for an 8-hour day and union conditions after Jan. 1. After the union had ordered out 100 men in eight of these houses for refusal to grant the request of the union, the Chicago typographic, whose members are already involved in a strike, invited the independent master printers to meet three members of the typographic in an effort to devise means of fighting the union demand.

Effect of Chinese Boycott.
Washington, Sept. 15.—The state department received a communication from Consul General Rodgers at Shanghai which sets forth the condition of affairs there commercially growing out of the Chinese boycott. One phase of the movement which is disturbing to all business minds, he says, is the effect it is likely to produce upon the finances of that great center of commerce. There are at the present time in Shanghai warehouses approximately 168,000 bales of American piece goods, valued at nearly \$8,000,000. The question, therefore, of marketing this commodity and of collecting the money under the present conditions, and with Manchuria closed, he adds, presents a very serious condition and is apt to cause great difficulty not only to the Chinese merchants but also to the importers. What is true of piece goods, he says, is also true of all other lines of staple products.

BALANCE SHOWN
In Favor of the Dominican Republic.

The Figures.

Washington, Sept. 15.—The war department has made public the first complete report of Colonel Colton, "controller and general receiver of the custom service of Santo Domingo," showing the customs receipts and other fiscal data for April last, the first period of administration of the island revenues by the Americans. Colonel Colton says: "The most striking feature of the showing for the month was the handsome balance, amounting to \$473,224; the total value of exports having been \$722,448, against imports valued at \$249,224."

Railway Promoter.
Boston, Sept. 15.—Elijah Brigham Phillips, formerly one of the most prominent railroad men in the country, died at his home in Brookline at the age of 86 years. He was well known throughout the west in railroad managements prior to 1890. His last position was that of president of the Fitchburg railroad, now a part of the Boston and Maine railroad.

Fever in Minnesota.
St. Paul, Minn., Sept. 15.—J. C. Wilson of Fair Oaks, Ark., was taken to the city hospital suffering from what physicians say seems to be yellow fever. Wilson was found by the police at the Union depot, where he was acting strangely. He had a health certificate issued by the Arkansas authorities.

CONCESSIONS

Made by Railway Companies to the Freight Handlers.

Chicago, Sept. 15.—The indications are that the threatened strike of the freight handlers employed by the railroads in Chicago and vicinity will not take place, the union having decided to waive the demand for an increase of 10 per cent in wages. Committee representing Chicago freight handlers throughout the city called on the general managers, and although in each instance met with a flat refusal for any increase in wages, were offered modifications in other ways, such as working hours and pay while injured.

Troops Ordered to Baku.
St. Petersburg, Sept. 15.—Further reinforcements have been ordered sent to Baku. The governor of Elizabetopol has telegraphed for more troops ordered to the menacing attitude of the rioters. A deputation from Elizabetopol presented a petition to General Shirinkin, commander of the forces, asking that immediate steps be taken to prevent further bloodshed. The revolutionary party at Tiflis issued a proclamation calling for a general uprising.

Death For Assault.
Chester, Ky., Sept. 13.—Samuel Hise, a negro charged with assaulting Mrs. Jasper Case, a white woman, was sentenced to be hanged. The jury was out only seven minutes. The attorneys for Hise announced that no appeal would be taken.

Was an English Vessel.
Helsingfors, Finland, Sept. 15.—The steamer which was sunk by her crew Sept. 10, after landing a portion of her cargo of arms and ammunition on a barren island in the Gulf of Bothnia, has been positively identified as the John Gratton of London, England, of about 300 tons net. Divers who have examined the vessel say that there are 1,000 additional rifles on board.

Split of Fusionists.
New York, Sept. 15.—The Citizens' union representative issued an address to the public in which they stated they were forced to withdraw from the fusion conference after reaching the conclusion that "the purpose of the conference was not to confer but to force upon the Citizens' union a candidate chosen by other members of the conference."

KENTUCKIAN

And Girl Who Accompanied Him Created a Sensation With Their "Swagger Sticks."

St. Louis, Mo., Sept. 15.—Miss Margaret Barlow, an attractive young woman, who declined to give her address, excited interest when she appeared in Union Station with a dainty "swagger stick."

Miss Barlow was accompanied by Lieutenant D. C. T. Grubbs, a 1905 graduate of the West Point Military Academy, who departed for San Francisco, from which place he will sail the coming week to the Philippines, where he has been assigned to the Sixth Infantry.

Lieutenant Grubbs carried a swagger stick also, a glass cane of beautiful design.

Lieutenant Grubbs is from Shelby City, Ky. He arrived in the city yesterday on his way to San Francisco, and, being an acquaintance of Miss Barlow, she went to the station last night to bid him good-by.

Miss Barlow's swagger stick attracted a crowd of young women, who remained at a distance admiring it and passing comment. Their remarks were that the swagger stick was the proper thing for a woman to carry, and several of them went into astacles over the dainty little article.

Miss Alice Roosevelt, on her first St. Louis visit, introduced the swagger stick here, and it promises to become popular.

MAIN MAN

Of the North Judson News, Has Left, But His Plucky Wife Will Publish the Paper.

Laporte, Ind., Sept. 15.—Harry Warvel, for the past four years editor and publisher of the North Judson News, has disappeared, and the people are pretty much excited thereover.

A week ago he went to Logansport and from there he has been traced to Indianapolis. Mrs. Warvel can assign no reason for his departure. The couple have been happily married, but have no children.

Mrs. Warvel believes her husband had contemplated this step for some time. She says he had been paying no bills, but had collected all accounts and took all the money with him.

During the Spanish War, before his marriage, he left home unexpectedly, enlisted and served through the Philippine campaign, returning home four years later. Nothing was heard from him during his absence. Mrs. Warvel will continue the publication of the paper.

SUICIDE WITH CARBOLIC ACID

HARRY, PEASE, A BLACKSMITH, TRIES TO END HIS LIFE BUT FAILS.

Empty Ounce Bottle Found Near Him. Young Blacksmith Will Probably Recover.

Harry Pease, a young blacksmith, who has been working for about a year as extra man in the John Baird shop, made a desperate but probably unsuccessful attempt at suicide between 8 and 9 o'clock Thursday evening, at his home, No. 8 Burt avenue, by swallowing carbolic acid.

When he was found he was suffering intense, and Dr. W. E. Wylarch was called. A summons for the Bowers & Criss Bros' ambulance was also sent and in it he was taken to the City hospital, where this morning he had made a rapid improvement, and is considered out of danger.

An empty ounce bottle which had contained the deadly drug, was found near him, but it is not thought that he had swallowed the entire contents, part of which probably spilled on the ground when the bottle fell.

The cause of the attempt to take his own life is considered to be domestic trouble. He worked at the shop Tuesday and left feeling in his usual good spirits.

On Wednesday morning he came to the shop and told Mr. Baird that he was in trouble, that his wife had left him, and asked for the money due him which Mr. Baird paid him. That was the last seen of him by Mr. Baird.

Mr. Pease is a man between 25 and 30 years old, and is very well known throughout the city. He is married but has no children.

Pease had so far recovered from the effects of the poison that Dr. Wylarch took him home from the hospital about 11 o'clock Friday morning. His mouth is badly burned, and there are several bad scabs from the acid on his face.

He says that when he went home his wife was there and refused to admit him. He tried several doors and could not get in and then went out in the yard and swallowed the contents of the vial. He fell to the ground and was found there groaning in terrible agony, after which the physician was called, and he was taken to the hospital.

A reconciliation between husband and wife may follow.

HAND SCALDED

Mr. "Kin" Sheppard Suffers From Painful Injury—Hand Is Swathed in Bandages.

Mr. W. M. (Kin) Sheppard had his right hand most painfully scalded a day or two ago, and for the present it is swathed in bandages and absolutely useless to him.

Mr. Sheppard was lifting a kettle of water from a gas stove, the flames having come up about the sides, making the pail almost red hot. The hand was burned and scalded almost to the bone.

Don't delay a minute. Cholera infantum, dysentery, diarrhoea come suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Strawberry always on hand.

INDICTMENTS BY THE GRAND JURY

ADA DAVIS AND FREINER MUST ANSWER TO CHARGE OF MURDER.

Eighteen of the 21 Bills Found Are Made Public—Thirty-Four Cases Considered.

The grand jury, after having been in session for eight days, through its foreman, Ira M. Phillips, made its report at 5 o'clock Thursday evening to Judge C. W. Seward. During the session the jury examined 247 witnesses, covering 34 cases, and presented 21 bills, and ignored 13 cases. The following indictments were returned:

Harry Freiner—First degree murder. Ada Davis—First degree murder. Dud Clifton—Criminal assault with consent.

Anthony Walsh—Shooting with intent to wound.

Dominica Delmonico—Cutting with intent to wound.

Antonio Susi—Cutting with intent to wound.

William Harter—Assault and battery.

Robert Heninger—Assault and battery.

Fred Music—Assault and battery.

Frank Love—Assault and battery.

Arch Blamer—Assault.

Fred Connell—Abandonment of minor child.

A. Pay Chilcott—Abandonment of minor child.

Frank Cooper—Abandonment of minor child.

Milton Jewell—Petit larceny.

William Norman—Petit larceny.

William Shepherd—Carrying concealed weapons.

James Pearson—Pointing firearms. Other indictments are to be announced later.

The jurors also visited the county jail, examined its state and condition, and inquired into the discipline and treatment of the prisoners, and their habits, diet, etc. They found that the rules prescribed by the judge had been faithfully kept and that no provision of law for the regulation of county jails had been violated.

MAY SPRING REES AS A CANDIDATE

DELEGATES TO THE REPUBLICAN CONVENTION WILL BE NAMED TONIGHT.

Dr. Legge Issues a Card—Fight Waxing Hot—City Convention Will be Held Next Tuesday Night.

The Republican city primaries will be held tonight at which the most important work will be the selection of delegates to the city convention which meets next Tuesday evening.

George Hamilton, political lieutenant of Postmaster George D. Heisey, has been very busy during the day in fixing up his fences to make another "cleaning" as he expressed it, in tonight's primaries.

"Who will be nominated for mayor, Mr. Hamilton?" asked an Advocate reporter.

"I think it will be Judge Jonathan Rees," replied the political leader.

"I can tell you who will not be nominated, and that man is Dr. Cary F. Legge."

The doctor seems to be persona non grata with the faction controlled by Postmaster Heisey, but his friends are hustling as are those of the other candidates who have announced themselves in good faith.

These men are C. C. Forry, D. W. Matlicks and Dr. S. H. McCleary. Judge Rees has not announced his candidacy and if an attempt is made to force his nomination some interesting things may take place in the convention.

The fight for the mayoralty nomination is waxing warm. As an indication of the situation the following card from one of the aspirants may be read:

"In answer to certain reports, spread with what reason is best known to their authors, I desire to state that in my candidacy for mayor I have made no promises to any man or set of men. I am making this race alone, and without fear or favor. If chosen by the Republican city convention I shall strive for election on the same platform. My friends are urged to pay no heed to eleven hour nothings."

"C. F. LEGGE, M. D."

Following are names of other candidates:
